Conditions/Job  
Characteristics** Job requires occasional, statewide travel.

---

## Examples of Work

- (1) Investigates workers' compensation, fleet vehicle liability, general liability, and property damage claims not involving serious physical injury or extensive damage; sets up case files, takes statements, prepares estimates, takes photographs, and negotiates settlements within designated authority.
- (2) Conducts initial research and compiles data for the development or update of health and safety training programs, such as ergonomics training, herbicide application, radiological monitoring, emergency preparedness, and related programs.
- (3) Compiles injury and vehicle accident record statistics used in identifying accident trends and developing loss prevention programs.
- (4) Conducts investigations of minor accidents involving department employees to determine cause; makes preventative recommendations; assists in the evaluation of employee safety suggestions; may assist in presenting safety training programs.
- (5) Assists in the development and implementation of employee occupational health programs, including drug testing, pre-employment physicals, employee wellness program, and Occupational Safety and Health Administration medical surveillance programs.

- (6) Performs other responsibilities as required or assigned.

**The Missouri Department of Transportation promotes an equal opportunity workplace that includes reasonable accommodation of otherwise disabled applicants and employees. Please see your manager should you have any questions about this policy or these job duties.**
