Responsibilities** Full Supervision

Location Central and District Offices - Construction and Materials

**Special Working
Conditions/Job
Characteristics** Job may require regular, statewide, overnight travel.
Job requires exposure to moderately adverse and undesirable environmental conditions.

Examples of Work

- (1) Supervises and provides technical guidance for the inspection of aggregates and bituminous plant inspection; makes hiring and other employment-related decisions, assigns work, disciplines employees and conducts performance management.
- (2) Conducts or supervises field investigations including preliminary geotechnical investigations, borrow site investigations, roadway condition investigations and quarry ledge stone investigations.
- (3) Conducts preliminary geotechnical surveys and provides final recommendations to design and construction projects.
- (4) Investigates geotechnical problems such as bridge/culvert foundations, landslides, erosion/drainage, subgrade instability and underground mines and determines corrective or preventive action.
- (5) Identifies, classifies, samples, and reports new ledge stone sources for evaluation of aggregate source quality.

- (6) Prepares, writes, reviews, signs and seals geotechnical reports, quarry columnar sections and other technical documents.
- (7) Liaisons with consultants and producers to ensure geotechnical work is in compliance with standard practices, policies and procedures; liaisons with the central office regarding scheduling surveys, securing access to private property, traffic control and utility clearance for structures.
- (8) Prepares materials reports and general inspection summaries; reviews contracts and conceptual, preliminary and final design plans.
- (9) Provides technical supervision for drilling operations for geotechnical surveys.
- (10) Serves as an expert witness for the department on lawsuits involving geotechnical issues.
- (11) Attends district project core teams, including planning, scoping, review and final field checks.
- (12) Performs supervisory responsibilities in a manner consistent with the department's Affirmative Action Program.
- (13) Performs other responsibilities as required or assigned.

The Missouri Department of Transportation promotes an equal opportunity workplace that includes reasonable accommodation of otherwise disabled applicants and employees. Please see your manager should you have any questions about this policy or these job duties.
